

OUR MISSION

Our mission is to be the leading provider of fiber optic and electrical connectivity products, training, and field services to the U.S. DoD, aerospace, and other harsh environment industries.

OUR PLEDGE

We pledge to exceed customers' expectations for service, quality, and responsiveness by listening to our customers' needs and developing viable solutions for them in a way that also benefits our employees, our suppliers and our community.

OUR HISTORY

Over the past 30 years, KITCO Fiber Optics has become a trusted partner with the U.S. Department of Defense, commercial enterprises, and various other government agencies in the technology and communications industries

We are recognized within the defense industry as fiber optic connectivity experts, offering products and services that meet strict military standards. We work with and support major defense contractors and government agencies, such as Boeing, General Dynamics, Lockheed Martin, NASA, Northrop Grumman, Huntington Ingalls Industries, BAE, and the U.S. Armed Forces.

REVOLUTIONIZING
COMMUNICATIONS

CAGE CODE: 08RC6

DEAR CUSTOMER,

HERE AT KITCO FIBER OPTICS

We understand that your mission demands nothing less than the highest level of performance, reliability, and precision. Whether you're in the aerospace, defense, or any harsh environment your success depends on seamless communication and robust connectivity.

OUR PRIORITY IS QUALITY

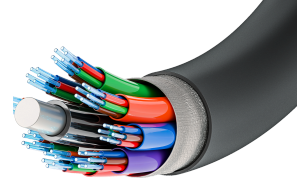

At KITCO Fiber Optics, quality is the cornerstone of everything we do. Our commitment to excellence touches every facet of our business—from the products we manufacture and the training we provide to the customer service and field support we deliver.

& YOUR SATISFACTION

At KITCO Fiber Optics, customer satisfaction isn't just a goal—it's our driving force. We know that our success is directly tied to yours, which is why we're deeply committed to delivering exceptional service and solutions tailored to your needs.

PRODUCTS & SOLUTIONS

GET A QUOTE: (757) 518-8100

- Tool Kits (*Installation, Cleaning, Inspection/Test*)
- Test Equipment (*Power Meters & Adapters*)
- Tools (*Inspection, Polishing, Termination, etc.*)
- Cable Assemblies (*MQJ's & Specialty Reference Cables*)
- Consumables (*Epoxy & Cleaning Tools/Kits*)
- Connectors (*Fiber & Electrical*)

Aviation Certification Courses Offered:

- Military Aviation
- Commercial Aviation
- E2D Platform
- F/A-18 Platform
- F-15 Platform
- F-35 Platform

General Services Offered:

- Commercial Technician
- Tactical Fiber Optic Cable Assembly
- ETA Certification
- Customize Your Course
- Technical Services
- Course Registration

FIELD SERVICES

We offer our customers unique installation and repair services that provide high quality and value with our fiber optic and copper connectivity solutions.

CALL TODAY: (619) 616-8089

Maritime Services:

- Fiber Optic and Copper Troubleshooting/Repairs
- Full Turn-Key C5ISR System Installation
- Cable and Equipment Removal/Installation
- Blown Optical Fiber (BOF) – All Phases
- Optical Time Domain Reflectometer (OTDR) Testing
- Interferometer Testing
- Umbilical Cord Assembly (UCA) Services/Repairs
- Fusion Splicing & More

Industrial Services:

- Facility Fiber Optic Installation
- Fiber Optic Repairs, Testing & More

TRAINING & CERTIFICATION

BOOK NOW: (757) 266-1341

Our superior hands-on training is designed and delivered by the fiber optic experts and can affordably have you up to speed and certified in a week or less!

NAVSEA Certification Courses Offered:

- Fiber Optic Installer/Quality Assurance
- Fiber Optic Terminate and Test
- Fiber Optic Test and Repair
- Fiber Optic Cable Handling
- Fiber Optic Blown Optical Fiber
- Shipboard 38999 Connector
- Hermaphroditic Connector
- Multi-Pin Copper Connector
- Copper Cableway

WHAT IS YOUR ROI?

With our premium-grade products, you're ensuring the longevity and reliability of your fiber optic network, which directly translates to operational efficiency and reduced long-term costs.

By investing in our training programs, you're not only enhancing your team's skills but also reducing operational risks and maintenance costs.

With our expert services, you avoid the costly consequences of poor installation and frequent service disruptions.

Renting equipment from us means you get access to the latest technology without the financial burden of ownership.

Our systems engineering approach minimizes rework, saves time, and prevents costly errors, providing you with an end-to-end solution that delivers long-term value and reliability.
